

The wireframe shows a page layout for Hewlett Packard. At the top left is a logo placeholder. To its right are navigation links: Home | Contact | FAQs. Further right is a search bar with the text 'Search:' and a 'Search' button. Below this is a horizontal navigation bar with five 'Nav' items. The main content area is divided into a large 'Feature' section on the left and a right sidebar. The sidebar contains two article-like blocks, each with a 'Title' and a paragraph of Lorem Ipsum text. Below the feature section is a 'News' section with two items, each with a date and a paragraph. To the right of the news are two project cards, each with a 'Title', a paragraph, and two links. At the bottom right of the main content area is the text 'top of page'. The footer contains four 'Link' items, the copyright notice '© 2004 Hewlett Packard', and a 'Privacy Statement' link. Numbered callouts 1 through 5 point to specific elements: 1 points to the search bar area, 2 points to the top-right corner of the feature section, 3 points to the news section, 4 points to the footer area, and 5 points to the bottom-right corner of the project cards area.

Notes
