

Wireframe prepared by Pedro Chang

Problem to solve: Log in confusion between SpeedDate Chat and SpeedDate pop up.

Solution Propose: When login in instead to redirect you to matches it should redirect you to Speed Dating tab. This new tab will show a page with the above wireframe.

The functionality will be similar to the chatroulette.

The Next button: Will speedDate to the next profile

The Stop button: Will stop SpeedDate

Chat box: Will allow you to chat with others.

Blog it: Will allow to share your chat experience on Facebook, or other Social media and also will promote SpeedDate with in other Social Portals
